

THE WINGED ONES SPEAK

THE WINGED ONES OF ETERNAL CREATION

It is we the WINGED ONES OF CREATION. We are here and heralding your awareness inward now into the the depths of your inherent truth and knowing.

We wish to step forwards now in unified voice to speak our message of SOVEREIGN LIGHT in flight. The flight that births from the rootedness of your power to stand in the complete and utter harmony of your chosen CREATORSHIP.

It is the HU-UM of the MOTHER BIRD echoing through your sacred heart wombs. It is the purity of fervency that races through your veins trailblazing new prospers to venture upon.

You see Dear LUMINARIES, the space of expansive freedom lies within the knowing that your wings are an inherent gift from the CREATOR Itself. They are your vantage point of new perspective that allows you to see ANEW, to see AFRESH. From our vantage point, as we look down upon you here and now the space s of stagnation that cause dis- ease are signposts that one is buried shall we say in the stagnation of seeing from a new lens of focus,

a new trajectory if you will. So you see, at our present juncture, we offer you to feel the expanse within your SACRED HEART WOMBS as the sound current HU-UM guides you inward and upward in search of new perspective, new sight, new awareness to see the overlay of your your PRESENT NOW from this vantage point.

Ask yourselves from the expanse of the WINGED FALCON'S inner power, *Is their where I feel safe? Does this bring me security?*

Rise into the breath of the WINGED PHOENIX ablaze and ask yourself *Is my creative power activating the dream in my heart or am I passerby, a mere witness to what could be?*

Breathe into the hearth of the SACRED WINGED WHITE OWL and breathe into the knowingness of your inherent light to BE. *Is the breath tumultuous here as you bring focus to your solar plexus rising and falling or are you at ease with the connection to the DIVINITY that you are? Are you claiming yourself as such?*

Journey now into the heart where you can witness the pulsation of the WINGED HAWK'S breath inviting you to breathe deeper and deeper into the crux, the center of the DIAMOND FACETED PRISM, THE CHRISTOS, where you will feel and sense the flame of TRANSFORMATION. *Is the hawks gaze focused here or is it wavering away from this beckoning flame?*

As you breathe in pause and become present, as you breathe out pause and become present, inviting the WINGED EAGLE to guide you into the freedom to speak CREATION into form. Is your voice stifled here? *Are you able to bring projection and conviction through your sacred sound current to be bellowed out into this world to have it met with the mirror of realization that you are this CREATOR LIGHT? As you speak you become, as you speak you become, as you speak you become ...*

Breathing in the breath of presence breathing out the breath of presence ,as you feel the opening of the portal of inner sight churning in a clockwise and counter clockwise fashion. Journey into this portal with the WINGED RAVEN with wings of MAGIC AND MAJESTY, ALCHEMY AND POTENTIAL. As you see the Raven's wings shape shift into a luminous kaleidoscope of colors that create new pathways to venture upon that are in alignment with your inner vision and book that you have written for yourself to unfold. You are this MAGIC, MAJESTY, AND CREATOR LIGHT seeing the trajectory and fine tuning it with your gift of sight to see and discern your outer birthings into form.

Breathing in the breath of presence, breathing out the breath of presence as you feel you INNER SOUL rising out of your physical form, THE SERAPHIM ANGELS draw you higher into the realm of pure white light where you are met with the purity, the clarity, the unfiltered light of the WINGED WHITE DOVES. You feel their blessing connecting now with the CHRISTED LIGHT that is your eternal essence. You feel the LIGHT OF THE SHEKINAH in all of Her radiance and glory and you know, and you know, and you know, and you know. This is the realm of SHUNIA LIGHT where you come to know. All that you seek has never been lost, it is the space that lies within your breath, the hearth of ALL CREATION the HOLOGRAPHIC WHOLENESS of the You that is You, that is CREATOR LIGHT birthing into form.

Here and now. You are this. It is you.

We are THE WINGED ONES. Claim your SANCTITY and unleash our power.
