THE SIRIANS AND ARCTURIAN LIGHT COLLECTIVE

BREATHING IN.
BREATHING OUT.
BREATHING IN.
BREATHING OUT.

We are here in GRAND SERVITUDE upon the AWAKENING of our BELOVED BLUE PLANET. It is We the SIRIAN LIGHTS OF ETERNAL CREATION. We are here in unified voice speaking the words of the DIVINE ALCHEMICAL MASTERS' deliverance.

You see, it is We whom are present and coming through in collective harmonic at this present now moment. We speak as ONE UNIFIED COLLECTIVE in order to magnify our message to All of you here at the dawning of the New Era that is upon you here, and now.

We wish speak if we may, as we are led now by our ARCTURIAN COLLECTIVE OF LIGHT.

It is We the ARCTURIANS. We are here heralding your awareness with grand rapture as we begin to tune and tone the energetic frequency of HU-UM. HU-UM is the inherent tone of ALL CREATION. It is the sound naad that echos through the ethers and acts as a signal of your frequency to beckon our connection you here and now. Our DIVINE FAMILY OF

LIGHT, We are here speaking to you with the offering of the allowance for you to surrender into your space of higher beingness, your HIGHER OVERSOUL so to speak. It is the bodily operating system that contains the energetic reprogramming of your physical vessels to be operating from the new vantage point of light, BODILY LIGHT.

The light bodies that are your HIGHER OVERSOUL so to speak. So with this offering we wish for you to connect through the STELLAR GATEWAY into the pathway that leads you to your HIGHER SELF, the self that is All encompassing, that is in complete harmonic with the UNIVERSAL ONENESS OF ALL THAT IS. Within this operating system you can see and feel your BODILY LIGHT, your BODILY LIGHT is here at this present now moment.

You have merely been veiled of its capacity and its vital awareness as an organism that is the You that is your HIGHER SELF, your HIGHER OVERSOUL'S EMBODIMENT here in form. So what it is that we wish to point you towards is that with the light of consciousness that has now been awakened within each and everyone of your hearts, you have the capacity to operate from your BODILY LIGHT, your BODILY LIGHT is your inherent connection to your HIGHER OVERSOUL which is the motherboard of your encoding that you have pre orchestrated to be experiencing within this world of form. So it is to say that with this new found awareness you can begin to move your perception into this new construct. This new awareness, this new state of living so to speak.

Within this construct you know yourself as PURE CREATOR LIGHT that is experiencing its journey through the vessel of form. You have preordained your trajectory here with fine tutelage to unfold your designed blueprint, to unfold your chosen experience with ease, with connection to the GOD SOURCE that is your HIGHER OVERSOUL. So you see Dear Ones, the twists and turns, the turbulence and malfunctions are merely perceived twists and turns and malfunctions, veering off the path so to speak, however, the experience that has led you to experience the spaces and places of suffering and dis-ease upon your planet are now giving way to the inherent truth in knowing of your complete and utter wholeness, your operating system so to speak.

Your connection to your HIGHER OVERSOUL has never been lost but merely unable to connect; for it is to say that you are operating within the denser places of reality upon the BLUE PLANET, you as a collective have

risen into the space of the remembering of your WHOLENESS. You are the HOLOGRAPHIC WHOLENESS of the ONE CREATOR LIGHT. You see, it is now that you have transcended the denser planes of existence and remembered that of what it is that you are. The LIGHT OF THE CREATOR choosing form.

It is within this space of perception that the DIVINE ALCHEMICAL TECHNOLOGY of your HIGHER OVERSOUL may get on board so to speak, begin to be seen, begin to connect with you physical and mental faculties. Within this understanding you All whom are at here have walked through the corridor of the density of the THIRD DIMENSIONAL construct into the FIFTH DIMENSIONAL field of resonance. Within this space of consciousness you begin to allow your beingness to be driven solely by the space of TRUST. The space where you surrender all thought from and mental construct of willing things into creation. It is the space where you enter the VOID, the space of NO - THING and ALL THING, the realm of MIRACLES the SHUNIA LIGHT, the RESURRECTION of your Soul to be birthed again within form with eyes afresh, and faculties anew.

It is from this vantage point that you SURRENDER or RELINQUISH the grip upon figuring out the vice that has left you enslaved in a reality where you perceived the outcomes of your experiences were solely left to happenstance, and the eternal forces at work. You have indeed risen now into the FORTITUDE and WILL of the inherent remembering of WHO YOU ARE, and with this remembering there is ALL there is ALL THAT IS operating within the construct of your DIMOND FACETED HEART.

All perceived traumas, suffering, illness, and dis-ease can be transmuted into the WHITE LIGHT OF THE SERAPHIM ANGLES BREATH where you find ST GERMAIN seated at the right hand of the CREATOR igniting the HOLY ALCHEMICAL FIRE OF THE TANZANITE FLAME to eradicate ALL and any timelines that are keeping you within old constructs and incessant stagnation.

It is here through the remembering and the activating your HIGHER OVERSOUL within your BODILY LIGHT that you will begin to move through this world with grace and ease of transference, surrendering into the space of TRUST. The REALM OF MIRACLES where all thought form ceases and and you return home. Home within your humanity, home within this vessel, home within your breath that is woven into the sacred sound naad Hu-um.

Within this tone you find home, you are LIGHT EMBODIED in search of your destiny no longer. Allow the breath and comfort of the wings the SERAPHIM ANGELS to catch you as you fall back into GRACE, into TRUST, into GRACE, into TRUST. You are home.

It is WE THE ARCTURIANS, in Divine Servitude. Most pleased for our connection, Blessed be you Dear Beings of Light, Blessed be you.
